

FIS BENEFITS MANUAL – GHMI, GPA, GTLI & EDLI POLICY (2025-26)

GROUP HEALTH MEDICAL INSURANCE (GHMI)

INTRODUCTION TO MODULAR FLEX INSURANCE PLAN 2025-26

WHAT IS MODULAR FLEX INSURANCE PLAN?

Modular Flex Insurance Plan is a Flexible Benefits Program, launched as part of our employee health and benefits offering. Traditional plans have fixed benefits package and do not consider different lifestyles and family circumstances. Whereas Modular Top up Plan gives one greater flexibility, choice and enables you to decide what you want and choose the benefits package best suited to your needs.

POLICY PERIOD - 1st April 2025 to 31st March 2026

Your benefits program provides :

DEFAULT COVERAGE - These are mandatory/minimum level of coverage provided by the company to every eligible full-time employees of FIS.

OPTIONAL BENEFITS- This Insurance Benefit consist of voluntary plan enhancement (Modular Top-up plans) to be purchased additionally by the employee.

- More flexibility and choice
- Easy online enrollment - Monthly enrolment window for new joiners from 02nd to 09th of every month
- Higher SI options to choose from and enables you to select the desired coverage level

Premium amount paid by FIS (with GST) for Default Base + Plan	INR 41,750
---	------------

****No cost to be borne by employee for this Default Plan.**

The following core benefits are included under default coverage:

a) MEDICAL INSURANCE (GHMI)

- ☑ INR 500,000 for all Employees, sponsored by the company.
- ☑ Modular Top-up options Silver, Gold, Diamond and Platinum plans (Differential Premium to be paid by employee)
- ☑ Optional Flex plus rider (Premium to be paid by employee)

b) PERSONAL ACCIDENT INSURANCE (GPA)

- 3 times of annual Total Compensation (TC) or minimum cover of INR 10 Lacs whichever is higher, sponsored by the company.
- Additional Top-up ranging from INR 500,000 to INR 5,000,000 (Premium to be paid by employee) for self and spouse

What Changes in 2025-2026?

Following are the Changes introduced during 2025-2026 policy for FIS colleagues: -

- **Enhanced Maternity Limit** Base + plan as per below: -
 - Normal Delivery: INR 55,000
 - C-Section: INR 65,000

- **OPD coverage revised** to INR 15,000

- **Slight reduction** in Voluntary premium payable.

Net Premium – INR 12,456
Premium Inclusive of GST- INR 14,698

- You will also be eligible for a Tax rebate under section 80D for the premium portion paid through salary deduction for buying flex plus module.

Benefit Guidelines

- (A) For all existing employees as on 31st March 2025, members are entitled to Sum insured & OPD limit as per chart on page 5. Those who join the policy midway after the date of renewal (new joiners) will have full cover (both Sum insured & OPD), however, there **premium shall be prorated from the DOJ**. In case the new joiner opts for a higher plan or additional rider the coverage shall be as per page 5 & 6, however, the premium against the higher cover or additional rider shall also be prorated.
- (B) **Modular plan Benefit Period**– Please note that the Modular plans purchased will cease on the End date of the policy (31st March 2026 or termination date of the employee whichever is earlier).
- (C) **OPD Sublimit Entitlement** – OPD sublimit entitlement towards Health Check-Up (for employees only), Optical and Dental limits shall be as per chart on page 5. The claims under these sub-limits shall be paid subject to overall & available OPD limits, however, claims other than sub-limits as mentioned, would be subject to the overall OPD limits.
- (D) There will be no mid-term change in entitlement of coverage or premium payable under the GHMI Policy during the policy period.
- (E) Each claim against hospitalization entitlement will be settled as per opted Modular Flex Plan & Co pay conditions.

Illustration: If the Sum Insured entitlement under Base + Plan is INR 500,000 and an employee makes one claim in the policy period thus:

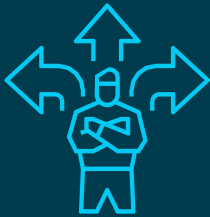

- Claim of any one dependent parent (co-payment @ 25% of the claim amount.)
- The amount claimed = INR 100,000
- Other deductible (non-payable items) INR 5,000 (assumption)
- Admissible claim amount INR 95,000
- Co-pay applicable @25% of INR 95,000 = INR 23,750
- Reimbursement thru NIC will be settled for INR 71,250 and the eligibility thus will be reduced by INR 71,250
- Balance available amount (Sum Insured) : INR 428,750

Hospitalization Guidelines

- A. Hospitalization benefit is only admissible if the stay in hospital is 24 hours or more . Listed Day care treatments are also covered, refer Vidal TPA portal for the exhaustive list.
- B. In case, an employee approaches a hospital independently and the hospital is not on the list of network hospitals of NIC or 'Third Party Administrator' (TPA) & nursing homes for this purpose, it is recommended that employees use a reputed hospital, or at least one with a minimum capacity of 15 beds duly certified by the gov't agency and comply with certain minimum infrastructural and other necessary standards. Hospital registration certificate to be submitted along with the bills, discharge summary and other necessary documents as demanded by TPA in such cases.
- C. Few institutions may be blacklisted by TPA/Insurer on the basis of significant level of irregularities discovered. A list of such hospitals is uploaded on Vidal TPA portal from time to time.
- D. 30 days pre-hospitalization and 60 days post-hospitalization covered bills within the overall limit.
- E. Doctor's/Surgeon's/Anesthetist's fee will be restricted to 25% of total entitlement (Sum Insured) of the associate. This fee means only consultation fee and it does not include medicines etc.

OPD Guidelines

- A. OPD benefit entitlement shall be provided as per GHMI coverage & benefits chart and applicable co-pay clause under the Modular Flex Plan (Page 5). All OPD claims shall require doctor's prescription valid not more than 3 months and original bills/invoices/payment receipts/investigation reports/X-ray/CT Scan/MRI/Ultrasound films etc.
- B. **Claim of bills with/without prescriptions:** Few "over-the-counter" (OTC) drugs and common personal medicines like analgesics, paracetamol, cough syrups etc. normally bought without prescription, will also be allowed for reimbursement under the policy subject to maximum INR 200/claim.
It is also understood that insurer will accept all bills legibly written and has the right to reject any bills that are over written/soiled, duration of taking the medicines should be mentioned in the prescriptions. This provision excludes bills for common antiseptics like 'Dettol' Soaps and toiletries and health drinks such as 'Complan', 'Horlicks' etc. All OPD bills to be submitted within **90 days of issuance** of such bills.
- C. **Consultation Fee by itself may not be adequate:** A Doctor's consultation fee receipt by itself without any supporting documents may not be accepted by insurer. They must be accompanied by the Doctor's diagnosis and / or prescription.
- D. **General Health Check-up:** This is within the purview of this MOU and NIC would restrict the expense as per the modular plan selected by the employee under overall OPD limits of the employee.
- E. **Dental treatment:** In general, if such treatment is based on medical reasons (not for cosmetic reasons) then claims will be entertained by NIC up to the limit available under the modular plan selected per family member per annum under the overall domiciliary limit to cover specific dental treatments like extraction of teeth, filling, root canal treatment including pyorrhea, teeth cleaning etc. but subject to the available limit under OPD limit.

GROUP HEALTH INSURANCE (GHMI) GIPSA GUIDELINES

WHAT IS GIPSA?

An agreement between 4 public sector insurance company (National Insurance Company Ltd., New India Assurance Company Ltd., Oriental Insurance Company Ltd., and United India Insurance Company Ltd) and the hospitals (known as PPN-Preferred Provider Network) - to provide a standard rate of fee charged for various procedures and treatments in an all inclusive package.

GIPSA association created a network of hospitals across India in selected cities, to standardize pricing for certain medical surgical procedures and Implant cost. The hospitals who agree to those packages and have a joint MOU / agreement with the GIPSA committee are known as PPN Hospital and the network of all such hospitals is called PPN Network commonly known as 'Preferred Provider Network'

WHAT HAPPENS IF THE EMPLOYEE HAS OPTED A CASHLESS IN PPN HOSPITAL?

When an Employee goes for treatment to a hospital in the PPN network, the prices for these standardized procedures is applied as per the PPN rates for the treatment, which helps in cost saving and in turn saving his Sum Insured amount.

Example:

In a reputed Hospital if the maternity package (normal delivery) is Rs 45,500/- under GIPSA, it will be approx. 65,000/- in case of Open billing (market rate). The saving in terms of money is approx. 19,500/-, which is not deducted from your sum insured limit when you choose the GIPSA package. So, here the GIPSA option enables you to save cost and your Sum Insured which can be utilized in case of any other medical emergency in future.

WHAT HAPPENS IF THE EMPLOYEE HAS OPTED REIMBURSEMENT IN PPN HOSPITAL?

If the employee goes for a treatment in a PPN Hospital and do not avail the cashless facility and submit the claim as reimbursement, then the claim would be settled as per the PPN rate chart agreed with the hospital. The employee will have to borne the additional charges if the PPN rate is less than the actual cost of the treatment in that particular PPN hospital. **Please ensure you inform the hospital about your insurance cover and also check if GIPSA rates are applicable.**

WHAT HAPPENS IF THE EMPLOYEE HAS OPTED A NON PPN HOSPITAL?

If the employee opts for a treatment in a Non TPA Network Hospital, and hospital is Non PPN Network also - Then the claim would be settled as per the Reasonable and Customary clause (Refer MOU). The applicable rate will be as per the average rate across the PPN hospitals in that city/region. For example- At the time of settlement the hospital rate for the Non-Network hospital where the patient is admitted will be compared and considered as per the similar category of PPN Hospital / TPA Network Hospitals in that city/region. **The employee will have to bear the differential / additional charges if the PPN rate is less than the actual cost of the treatment in that particular Non-Network hospital.**

(In common procedures, the reasonable and customary limit can be defined by the limit fixed in PPN packages for a similar hospital in the same geographical area.)

POINTS TO REMEMBER FOR GIPSA

Employee must check about GIPSA network hospital with the Vidal TPA (Location SPOC) before any hospitalization or must convey to the hospital during admission that they are covered under Medical Insurance by showing the TPA E- Card at the time of admission.

You must also ensure that you opt for cashless service in a network hospital, since TPA/Insurer will not be in a position to make any exceptions for claim settlement if you opt for reimbursement in a PPN Hospital and open billing is done (Not as per GIPSA rates)

If you are going to a Non-network hospital where GIPSA rates will not be applicable, however the claim will be settled as per the reasonable and customary clause taking the average cost of treatment in the city/region as per GIPSA rates.

IMPORTANCE OF TAKING ABOVE ACTION :

If you are going to a PPN network hospital and opting for reimbursement, it is important for you to inform the hospital about your medical insurance cover and also inquire about GIPSA rates, because if the hospital does open billing (not as per GIPSA rates) ,then the amount exceeding GIPSA negotiated rates will have to be borne by you, which is usually 30-40% higher.

This means that the claim settlement will be done as per GIPSA package rates only if reimbursement is opted in a PPN network hospital.

Why should employee avail GIPSA/PPN Cashless?

- List of surgical procedures/treatments is identified, this is a dynamic list
- Growing PPN empanelment with hospitals
- Control growing medical costs
- At par medical care/service with reduced cost

How to take benefit of GIPSA negotiated rates?

We all part of a generation that wants to plan everything right from education, marriage to job and retirement plans, even medical treatments/hospitalization can be planned barring the emergency hospitalization.

- PPN hospital list is available on the TPA portal
- Feel free to contact your TPA-SPOC to know the category of the hospitals you have shortlisted
- Fill up the Pre-Authorization form in advance at the hospital
- You will get initial amount confirmation via SMS/Email from the TPA
- As per schedule, the hospitalization takes place and on the day of discharge, the final billing is done
- Non-Payables are identified by the TPA other than the PPN package cost
- Employees pay the amount applicable for them (Co-pay, Non-payables, Amount exceeding GIPSA rate if applicable, etc) and procedure is completed.

Please note: Any claim deduction/ Additional payment from the employee that comes as an impact of PPN rates is further non-reviewable

GIPSA Surgical List – (subject to change)

CARDIOLOGY	
• Angiography (includes cost of the dye) with Angioplasty/ Primary Angioplasty • Angiography (includes cost of the dye) • Angioplasty/Primary Angioplasty • CABG • DVR-Double Valve Replacement • EPS and RFA • Permanent Pacemaker Implantation • Temporary Pacemaker Implantation • Valve Replacement	• ERCP-EPT /STENTING/STONE REMOVAL • Excision of pilonidal sinus with primary closure • Excision of pilonidal sinus with FLAP COVER • Fissurectomy and fissure dilatation • Haemorrhoidectomy (stapler/ tackers included otherwise provided with the invoice.) • Haemorrhoidectomy + fissurectomy (stapler / tackers included otherwise provided with the invoice.) • High end fistulectomy • Hydrocele • Incisional hernioplasty {1}mesh-upto 15cm*15cm included & 2) tackers are included otherwise provided with the invoice.} • Inguinal/ femoral hernioplasty-bilateral {1}mesh-upto 15cm*15cm included & 2) tackers are included otherwise provided with the invoice.} • Inguinal/ femoral hernioplasty-unilateral {1}mesh-upto 15cm*15cm included & 2) tackers are included otherwise provided with the invoice.} • Low end fistulectomy • Mastectomy(radical) or Modified Radical Mastectomy • Mastectomy(simple) • Perianal abscess • Resection and anastomosis of small intestine (single) • Right or left hemi colectomy • Thyroidectomy (Total/Subtotal/Enucleation/Partial/Lingual/Isthmectomy • Umbilicalhernioplasty {1}mesh-upto 15cm*15cm included & 2) tackers are included otherwise provided with the invoice.}
ENT	
• Adenotonsillectomy • Cortical Mastoidectomy with myringoplasty • FESS WITH SEPTOPLASTY & turbinectomy or polypectomy or conchoplasty- bilateral • FESS WITH SEPTOPLASTY & turbinectomy or polypectomy/conchoplasty- unilateral • Mastoidectomy • Mastoidectomy & Tympanoplasty • Microlaryngeal surgeries for cysts and polyps • Myringotomy with grommet insertion • Peritonsillar abscess drainage (day care) • Tonsillectomy/Adenoidectomy(Unilateral/ Bilateral/ Laser/ Coblation) • Tympanoplasty	
GENERAL SURGERY	
• Appendectomy –LAP • Appendectomy –Open • AV fistula (day care) • Breast lumpectomy • Cholecystectomy (LAP) • Cholecystectomy (open) • Circumcision (day care)	• Craniotomy with evacuation of Haematoma • Decompressive Craniectomy • VP shunting
NEUROSURGERY	
• OBSTETRICS & GYNE	
	• Dilatation and curettage (D & C) (DAY CARE) • Hysterectomy with Pelvic Floor Repair (PFR) • Instrumental delivery with well baby care(single/twins) • LAVH • LSCS with well baby care(single/twins) • Myomectomy (Lap /Open)

GIPSA Surgical List – (subject to change)

• Normal delivery with well baby care(single/twins) • ovarian cystectomy Lap/ Open • TAH + BSO + ADHESIONOLYSIS (OPEN / LAP) • Vaginal vault prolapse repair	• Carpel tunnel release- bilateral • Carpel tunnel release- unilateral • Close reduction of fractures / dislocations (day care) • Femur shaft fracture-proximal /middle/distal • Fracture neck femur • Hand or Foot fractures -with plates or screws • Hemiarthroplasty • Hip replacement bilateral • Hip replacement unilateral • Implant removal of large bones • Implant removal of small bones • Implant removal of spine • Laminectomy or disectomy • Large Wound Debridement • MCL reconstruction/repair • Open Reduction and Internal Fixation -fracture of single bone forearm/wrist • Open Reduction and Internal Fixation -fracture of both bones forearm • Open Reduction and Internal Fixation of elbow • Open Reduction and Internal Fixation of shoulder / humerus • Pelvis fracture- external fixation • Reduction of dislocation in GA • Scaphoid fracture fixation • Shoulder-arthroscopy / open- sub acromial decompression • Shoulder-arthroscopy bankart repair • Small Wound Debridement (Day Care) • Stabilization of cervical spine • Tendon Repair Multiple • Tendon Repair Single • Thoraco / lumbar - anterior interbody fixation/bone graft • Thoraco / lumbar global fixation/bone graft
OPHTHALMOLOGY	
• C3R-Corneal Collagen Cross Linking with Riboflavin • Cataract (including lens)-MICS with unifocal lens • Cataract (including lens)-Phaco with Unifocal Lens • Retinal Detachment-scleral buckling • Trabeculectomy with MMC / 5Fluorouracil • Trabeculectomy with ologen • Vitrectomy • Vitrectomy (sutureless) +membrane peeling-endolaser-gas/silicone tamponade • Vitrectomy -membrane peeling-endolaser-gas/silicone tamponade • Vitrectomy with gas temponade • Vitrectomy with silicone temponade	
ORTHOPAEDICS	
• Acetabular fracture fixation • ACL & PCL reconstruction /repair • ACL reconstruction /repair • Amputation above elbow/ knee • Amputation below elbow/ knee • Amputation of Digit –multiple • Amputation of Digit –single • Ankle fracture-ORIF/ORIF with screws/TBW • Arthrodesis - wrist/ankle subtalar • Arthroscopic debridement and Sinovectomy • Bone grafting for non union of large bones • Bone grafting for non union of small bones • Calcaneal fracture - with plates	

GIPSA Surgical List – (subject to change)

- Tibia fracture proximal Bicondylar-ORIF/ ORIF
- Tibia fracture proximal Unicondylar/middle/distal-ORIF/ ORIF
- Total knee replacement- bilateral
- Total knee replacement- unilateral

UROLOGY AND NEPHROLOGY

- Cystoscopy urs with DJ stenting unilateral
- Cystoscopy (therapeutic)
- Dialysis (all inclusive, Day Care)
- DJ stent removal (day care)
- ESWL-Extra Corporeal Shock wave lithotripsy (day care)
- Meatotomy (day care)
- Nephrectomy Open /Lap
- Nephrolithotomy / pyelolithotomy
- Orchidectomy-bilateral
- Orchidectomy-unilateral
- PCNL bilateral
- PCNL –unilateral
- Prostat removal- HOLMIUM/DIODE
- Prostate removal- OPEN
- Prostate removal- TURP
- Renal transplant surgery (all inclusive, except organ)
- URS /Theapeutic

VASCULAR SURGERY

- Vericose veins (surgical / laser or Radio frequency Ablation)

GROUP HEALTH INSURANCE (GHMI) CLAIM PROCESS

GROUP HEALTH INSURANCE (GHMI) - CLAIM PROCESS

A Claim can be made through either a Cashless or a Reimbursement route.

CASHLESS PROCESS:

Cashless means the TPA may authorize upon a Policyholder's request for direct settlement of eligible services and it's according charges between a Network Hospital and the TPA. Cashless is best suited for planned hospitalizations & is always the preferred mode of seeking hospitalization benefits under the policy.

REIMBURSEMENT PROCESS:

In a Reimbursement process, you can get the treatment done at your own expense & then submit the bills along with a mandatory set of documents for reimbursement during weekly claims helpdesk to your respective TPA.

EMERGENCY HOSPITALIZATION:

In case of an unplanned emergency, you may still benefit from a cashless treatment if the right steps are followed.

Subsequent slides detail the process for each of the above modes of hospitalization

Note :

Patients seeking treatment under cashless hospitalization are eligible to make claims under pre and post hospitalization expenses. For all such expenses the bills and other required documents needs to submitted separately as part of the claims reimbursement.

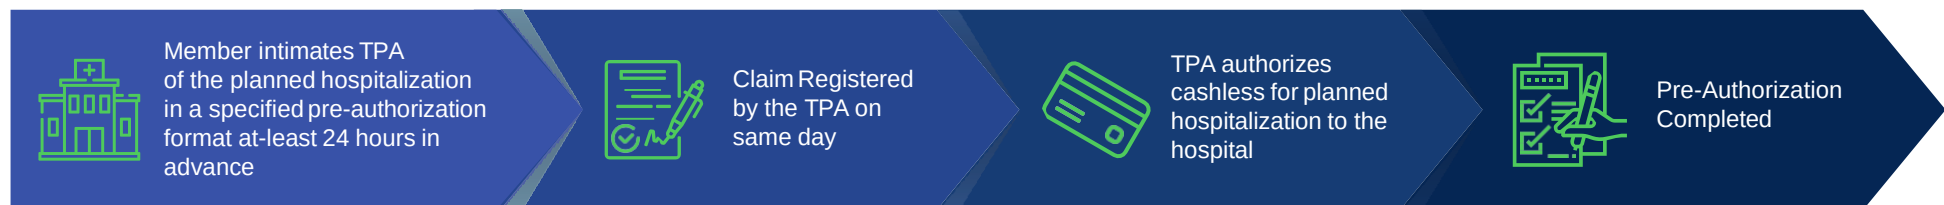

GROUP HEALTH INSURANCE (GHMI) CLAIM PROCESS - CASHLESS HOSPITALIZATION

Please reach out to fis@vidalhealth.com for Cashless Pre-authorization.

STEP 1: PRE-AUTHORIZATION

All planned hospitalization instances must be pre-authorized by the TPA, as per the procedure detailed as follows. This is done to ensure that the best healthcare possible, is obtained, and the patient/employee is not inconvenienced when taking admission into a Network Hospital.

STEP 2: ADMISSION, TREATMENT & DISCHARGE

After your hospitalization has been pre-authorized, you need to secure admission to a hospital. A letter of credit will be issued by TPA to the hospital. Kindly present your ID card/E-Card at the Hospital admission desk. The employee is not required to pay the hospitalization bill in case of a network hospital*. The bill will be sent directly to, and settled by TPA.

* Co-Pay & other deductible amounts as applicable to be paid by the member at the time of discharge

GROUP HEALTH INSURANCE (GHMI) CLAIM PROCESS - EMERGENCY HOSPITALIZATION

STEP 1 GET ADMITTED

In cases of emergency, the member should get admitted in the nearest network hospital by showing their ID card/E-Card.

STEP 2 PRE-AUTHORIZATION BY HOSPITAL

Relatives of admitted member should inform the call centre within 24 hours about the hospitalization & Seek preauthorization. The preauthorization letter would be directly given to the hospital. In case of denial member would be informed directly

STEP 3 TREATMENT & DISCHARGE

After your hospitalization has been pre-authorized the employee is not required to pay the hospitalization bill in case of a network hospital*. The bill will be sent directly to, and settled by TPA

Member gets admitted in the hospital in case of emergency by showing his ID Card/E-Card

Member/Hospital applies for pre-authorization to the TPA within 24 hrs of admission

TPA verifies applicability of the claim to be registered and issue pre-authorization

Pre-authorization given by the TPA

Member gets treated and discharged after paying all non medical expenses like refreshments, etc.

Hospital sends complete set of claims documents for processing to the TPA

24/7 Toll free number : 1800-103-6141. In case of emergency during late hours, please contact the toll free. You can get your E-card, policy benefit details, network hospital, claim status etc.

* Co-Pay & other deductible amounts as applicable to be paid by the member at the time of discharge

GROUP HEALTH INSURANCE (GHMI) CLAIM PROCESS - REIMBURSEMENT

Claims Submission Timeline

OPD : 90 days from the Date of Bill.

IPD : 30 days from the Discharge.

REIMBURSEMENT CLAIM PROCESS

ADMISSION PROCEDURE

- In case you choose a non-network hospital you will have to liaise directly with the hospital for admission.
- Inform TPA within 24 hours to ensure eligibility for reimbursement of hospitalization expenses.

DISCHARGE PROCEDURE

- In case of non-network hospital, you will be required to settle the bills in full.
- Please ensure that you collect all necessary documents such as - discharge summary, investigation reports, payment receipts etc.

SUBMISSION OF HOSPITALIZATION CLAIM

- You must submit the final claim with all relevant documents to TPA within 30 days from date of discharge. Employees may be contacted by the TPA in case of missing / shortfall of documents.

DOCUMENT CHECKLIST

- ✓ Completed claim form with signature
- ✓ Itemized hospital bills (with signature and stamped by the hospital)
- ✓ Discharge report
- ✓ Attending doctors' bills and receipts and certificate regarding diagnosis (if separate from hospital bill)
- ✓ Diagnostic Reports (including X-Ray films), attested copies of bills and receipts for medicines, investigations along with doctors prescription
- ✓ Follow-up advice or letter for line of treatment after discharge from hospital (For Post Hospitalization)
- ✓ Hospital Registration Certificate – Only in case TPA ask for it.

NOTE: Please ensure you keep the original hard copy of all documents handy with you. TPA/Insurer may ask you to submit the original hard copy of documents anytime during the policy period

GROUP HEALTH MEDICAL INSURANCE (GHMI)

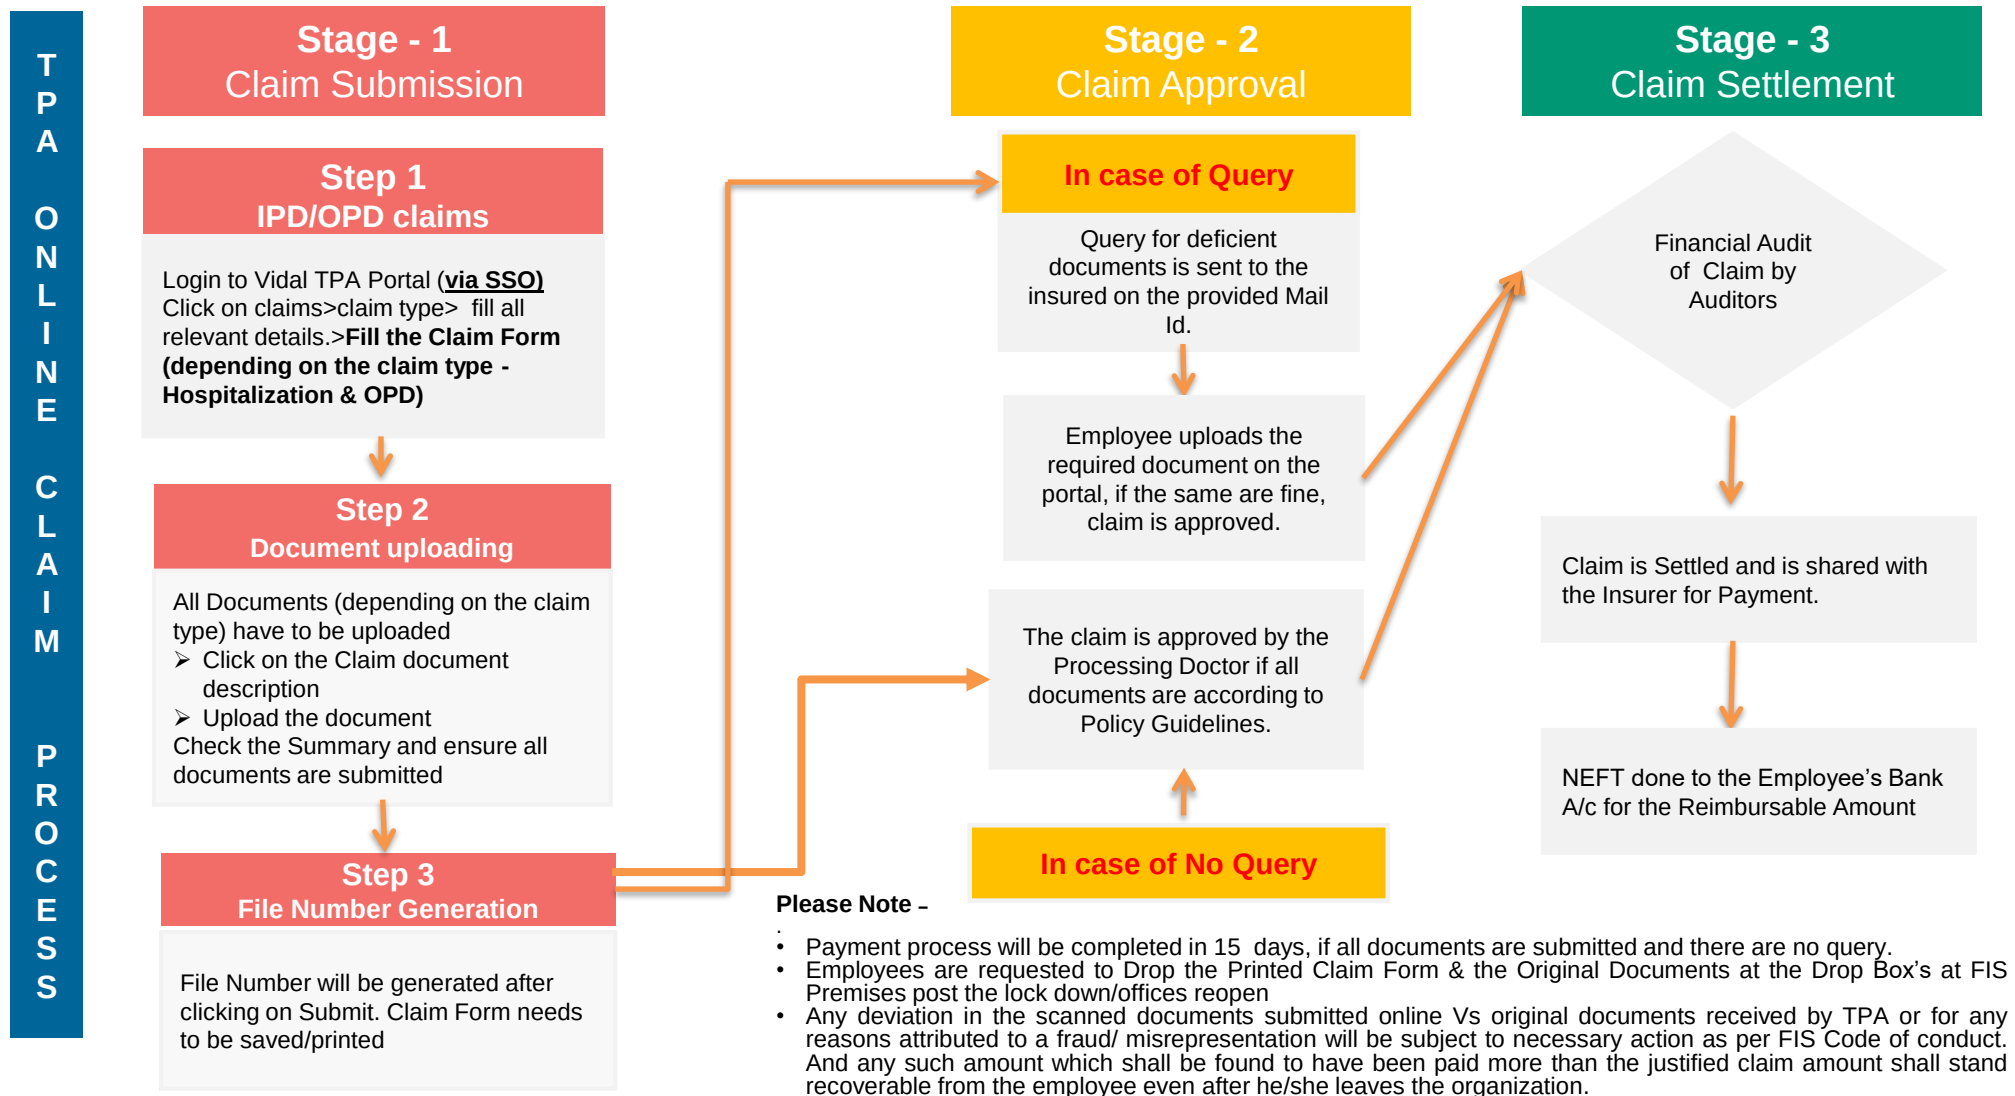

TPA Reimbursement Claim Process – Online Submission

How to access the Vidal TPA Portal via SSO login through FIS apps?

Step 1: Login to FIS apps home page <https://myapps.microsoft.com/>

Step 2: In Search bar , search for Medical TPA or manually scroll alphabetically to Medical TPA

Step 3: Click on Medical TPA and you will be automatically logged in to TPA portal

GROUP HEALTH INSURANCE (GHMI) - CLAIM PROCESS - OPD

OPD Claims can be availed only through reimbursement process. Following are the general guidelines related to submission of claim & settlement of eligible amount -

1. **Submission:** Claims to be submitted online on TPA portal
2. **Documents Required** – Prescription and original bills/invoice (including copy of diagnostics, as applicable) submitted along with the prescribed OPD claim form.
3. **Query response** -In case of any query by TPA, the additional documents/clarification is to be submitted as per the timelines provided by the TPA and usually its 2 weeks.
4. **Timelines:** OPD claims must be submitted for reimbursement within **90 days from the date of bill** & in case of Hospitalization claim reimbursement it is **30 days from the date of discharge**.

Claim Reimbursement (IPD/OPD): Settlement amount is paid by National Insurance directly into your salary account within 15 Days from the date of your claim submission, provided all the documents are duly submitted as per check list in accordance to policy terms and conditions.

For any further clarity - Please get in touch with TPA/ Marsh contact person as per the touch points and Escalation matrix available in the next slide.

- Death Summary/Discharge summary of deceased employee from Hospital

Appendix 1

- **Cancer Screening test – By Datar Cancer Genetics (DCG)**
 - Process flow to avail EasyCheck360-I from DCG
- **Cancer Recovery Program – By Integrative healthcare and lifestyle Pvt. Ltd (“Carer”)**
 - Steps to avail the Cancer Care Program
- **Femme Connect - Pregnancy Care Program**
 - Steps to avail Femme Connect – Pregnancy Care Program

Cancer Screening Test – by Datar Cancer Genetics (Within OPD Limits)

WHAT IS EASYCHECK360-I CANCER SCREENING TEST?

A Revolutionary Simple Blood Test For Early cancer screening of 30 types of cancers. It opens the possibility of early successful treatment, improved survival & better quality of life. It has been clinically validated by one of the world's largest clinical trials registered with the WHO Clinical Trial Registry. The test can be availed at a lab or in the comfort of home.

KEY HIGHLIGHTS OF THE EASYCHECK360-I TEST:

Clinically Validated Non-Invasive Cancer Screening 30 Cancer Types Detected >99 % Accuracy 85-88 % Sensitivity >99% Specificity

NOTE : Home Collection Services available only at Nasik, Mumbai, Thane, Pune, Delhi/NCR, Hyderabad, Bangalore

Who can avail this test ?

- **Females 35 yrs. and above & males 40 yrs. and above, who have never been diagnosed with cancer and who currently do not have any clinical or radiological suspicion of cancer**
- **It is beneficial for men and women who are at a higher risk of cancer and want to screen themselves to rule out presence of cancer**
- **Currently screening is only offered to rule out Breast, Prostate, Colon, Lung and Cervix cancers**
- **Easycheck360-I is to rule out several aggressive and dangerous solid organ cancer types for which screening is currently not available**

Steps to avail the EasyCheck360-I Test:

- Interested FIS Employee to reach out to fiscancercare@datarpgx.com to book the test.
- DCG SPOC will educate the employee about Easy Check 360-I test and answer all relevant questions

Cancer Recovery Program by Integrative healthcare and lifestyle Pvt. Ltd - “Carer” (Within Family Sum Insured)

WHAT IS CANCER RECOVERY PROGRAM?

Integrative oncology or integrative medicine, is the use of complementary, or integrative therapies along with conventional treatment. These therapies work with standard treatment methods (surgery, chemotherapy, radiation) to treat the patient’s nutritional deficiencies, physical discomforts and mental distresses. Integrative therapies have proven to decrease treatment side effects, distress relief, improve immunity, treatment results and adherence.

Integrative therapies include:

Nutrition Support

Physical Therapy

Mind-Body Practices

Psychological Counselling

Pain Management

Who can avail this program?

Employees/ Dependents covered under insurance and are diagnosed with cancer/ undergoing cancer treatment of any type/ Cancer survivors can avail this program.

Steps to avail the Cancer Care Program:

- Interested FIS Employee will reach out to the fis@carerforcancer.com to avail the enroll in the program.
- CARER SPOC will educate the employee about the program and answer all relevant questions
- FIS employee can then opt for the program and payment link will be sent to the employee.
- Once the payment is made, onboarding process will be initiated. Welcome Onboard email will be sent to the employee and a common WhatsApp group with the patient/caregiver and therapists will be created.
- The patient/caregiver will need to sign the consent form and complete debrief form at that time.
- Assigned therapists and CARER team will be added to the patient group which includes Nutritionist, Yoga and Meditation Therapist, Clinical Psychologist, PCC (patient care coordinator)
